Two roads diverged in a yellow woo...
And sorry I could not travel both
And be one traveller, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference

*We have reached the end of another year at Masco. For some of us, we have future years to look foreward to. For some of us this has been our last, and what the future holds is both exciting and uncertain. As we move on in life, we must remember the paths we have taken that brought us to where we are today; the paths that will continue to carry us past the life we have come to know, on to bigger roads and faster highways. We will always hold the memories this school has given us, embodied by the once-in-a-lifetime experiences we have had with the people we have met. For those who are leaving Masco this year, and for those who will remain, remember to be brave in your choices and take the road less traveled by... and that will make all the difference.*

# Dedication

## Anne Spraker

For over thirty years, Anne Spraker has been a dedicated member of the Masconomet faculty. When asked, students and co-workers describe Ms. Spraker as a caring and valuable resource to the Masco community. Ms. Spraker grew up in Kenosha, Wisconsin, and attended George Nelson Tremper High School. Being a talented flautist in the band, she enjoyed the school's intensive music program and showed off her abilities in a memorable variety show. After graduation, she attended the University of Wisconsin at Madison and spent an exceptionally satisfying semester abroad in England. Upon receiving her degree, Ms. Spraker enrolled in a Librarian's school, where she began to train for the career that satisfied her love of both learning and sharing. Ms. Spraker has settled down and is a caring wife to her husband Brian, and mother to her son, Noah. Ms. Spraker took her position at Masconomet thirty years ago as her first and her only job as a librarian. She has dedicated her life's work to our school and is wholly deserving of the respect and admiration that she receives.

## He's a father figure for 1,400 teenagers

**By Steven Rosenberg**
GLOBE STAFF

Donald Doliber knows what it's like to be a child and not have an answer for a situation. When Doliber was 11, his mother died, and within a month, he had taken on the responsibilities of buying groceries and making lunch for his family.

Fifty years later, he tries to remember the lessons of his Marblehead childhood in his position as Masconomet Regional High School's chief disciplinarian. His fairness and respect for students, say Doliber's colleagues, are the reason he was recently named 2006 assistant principal of the year by the Massachusetts Secondary School Administrators' Association.

"The kids know he cares about them. And if they know you care, they're going to meet you halfway, and it's going to work," said Masconomet's principal, Pamela Culver, who has worked with Doliber for nine years.

At the 1,400-student high school — attended by teenagers from Topsfield, Boxford, and Middleton — Doliber is considered an institution. After arriving at the Topsfield school in 1968, he taught history for 24 years before taking the assistant principal's job in 1992 — a position that requires him to oversee the discipline of the school's juniors and seniors.

When he meets with students, Doliber often refers to quotes that he keeps on a small piece of paper on his desk. The side facing the students says: "It's not fair, but it's just." On the other side of the paper, Doliber has written a message to himself: "Never attribute to malice what can be

# Assistant Principal of the Year

This year, Donald Doliber was recognized for the second time in his career as an outstanding member of the Masconomet Community. Awarded the Daughters of the American Revolution History Award in 1983, Mr. Doliber was rewarded for his talent and charisma as a teacher. This year, he has been named the Massachusetts Assistant Principal of the Year by the Massachusetts Secondary School Administrator's Association, a position he moved to over a decade ago. Mr. Doliber has truly earned this recognition, winning the consistant respect of both students and staff. He serves as a positive role model, preserving the peace on the third floor and allowing Masconomet to function better as a whole.

# Environmental Club

The Environmental Club is a veteran to the Masco landscape, having had years of consistent membership. Focused on how our generation can affect the environment, this group of advocates hopes to find more positive ways to connect our economy with nature. The club goes on frequent outdoor excursions and attempts to change the way that students view and treat the environment.

Science Team is an academic club for those looking to improve their scientific skill and ability. Led by Mr. Kurtz and Ms. Due, the team competes in meets throughout the year while engaging in activities related to various aspects of science. Only an interest in the field and a brain ready to solve problems are required to be a member of this elite group.

# Science Team

*...Then took the other, as just as fair,*

# Math Team

Math team is a fun and challenging club that offers the opportunity for students to test their abilities and compete in different areas of mathematics. Running from October to April, the team competes in both the Massachusetts Math and Tri-State Math Leagues. With both alternate and regular positions available, every mathlete is given the opportunity to represent Masconomet.

# German Club

The German Club is a wonderful way for the students at Masco to get together and experience the culture of Germany. The club meetings involve movies, guest speakers, service and, of course, food. The members meet once or twice a month and celebrate what the German language and culture has to offer.

*And having perhaps the better claim,*

# French Club

The French Club, similar to its other foreign language counterparts, introduces Masco students to the culture and ideas of a foreign nation. The club spends their time watching a range of French movies, such as the famous *Cyrano de Bergerac*, and also makes sure to enjoy one of France's best attributes: its food. Some favorites are Nutella spread, French bread, and a variety of chocolate pastries. The club provides a great outlet for eager students to delve into the French culture outside of the classroom.

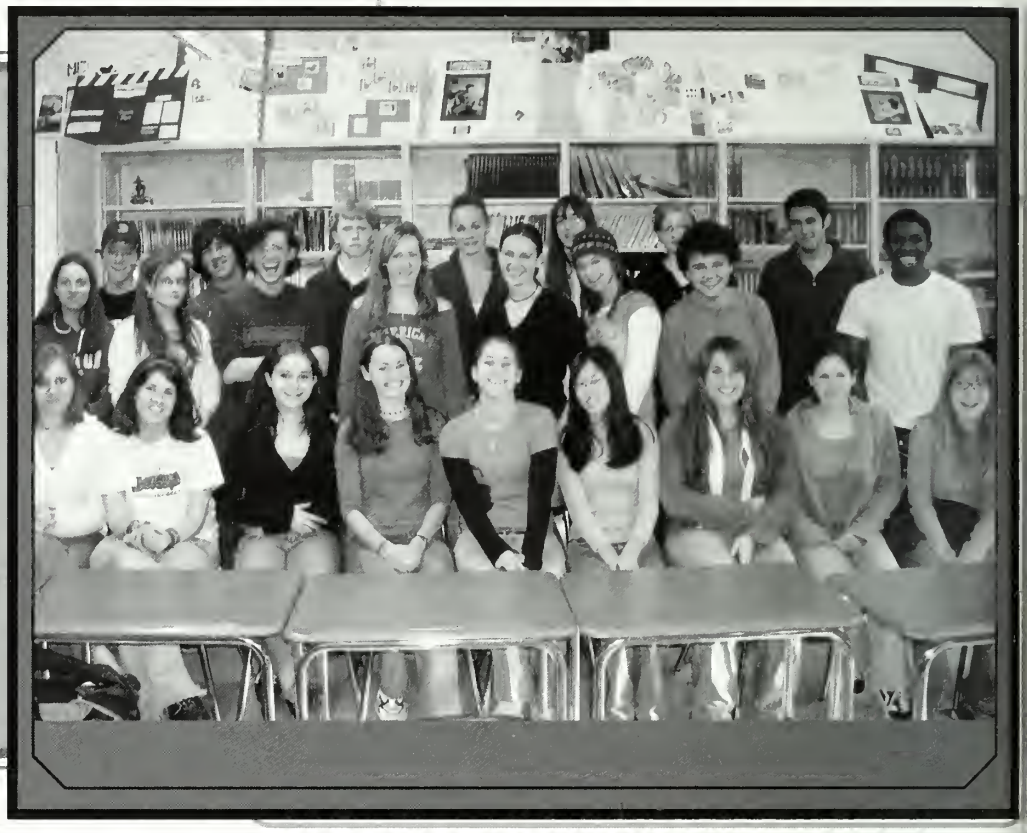
The Spanish Club provides students with the opportunity to experience Spanish culture firsthand. Throughout the year the club allows members to taste Spanish foods, dance to Spanish music, and meet and talk with people of Spanish background. The club is not limited to only those who take the language, but is open to any and all Masco students interested in experiencing what it has to offer.

# Spanish Club

*...Because it was grassy and wanted wear;*

# Exit 51

Exit 51 is a publication proudly showcasing the work of the Masco student body. This literary magazine displays short stories, poems, and artwork submitted by students specifically for publishing. Exit 51 is a great opportunity to work on a unique project, to gain real-world experience in publishing, and for everyone to appreciate the work produced by their peers.



# Photo Club

The Photography Club is a relatively new and quickly-growing club. The group takes numerous field trips throughout the year and recently purchased new equipment. Photo Club focuses on traditional as well as nontraditional photography techniques by experimenting with methods such as Polaroid emulsion lifts and transfers. Hopes are high for this new club due to the steadily rising number of photography students.

*Though as for that the passing there,*

# National Honors Society

The National Honor Society is the foremost organization in recognizing outstanding students both in the classroom and in the areas of scholarship, leadership, service, and character. Led by Mrs. Puglisi this year, this group of upperclassmen organize multiple community service activities and aide the school in events such as the Red Cross Blood Drives.

The Student Council is the backbone of all student-administration projects. This year they worked hard to plan events such as Spirit Day, Homecoming Week, and the St. Patrick's Day Senior Citizen Dinner. Spanning all grades, the group consists of elected officials and representatives from each class, as well as an Executive Board. Student Council continuously coordinates all of the behind-the-scenes details of student life.

# Student Council

*...Had worn them really about the same,*

# Peer Leaders

The Peer Leading group, led by Mr. Serino and the PLC's, is a program that helps to smoothly introduce incoming freshman into the High School. The group takes part in many events, including an Orientation Day, the Freshman Walk, barbecues, and regular meetings between freshmen and their Peer Leaders. The club is successful each year and is a source of pride for Masconomet.

The ABC program provides High School students originally from other areas with the chance to come to Masconomet and experience better opportunities than their home communities were able to provide. The students receive the full privileges all other students at Masco are given, and live together in a residence in Topsfield. The ABC Committee runs the annual ABC fair, and works year-round to help raise funds and awareness in order to support the program.

# A Better Chance

# Model United Nations

Model U.N. gives students a hands-on opportunity to participate in a simulation meeting of the United Nations. Masconomet participates in two different team trips, one to New York, and the other in Boston held at Harvard University. Through these meetings members come to understand international culture, commerce, and relations.

# Habitat for Humanity

Habitat for Humanity is a non-profit organization that works with volunteers to create homes for families in need. The Masconomet Chapter of Habitat is only in its second official year, but already has a large and eager membership. The group works closely with the North Shore Habitat Chapter based in Salem, participating in fund-raising projects, builds, and an annual benefit auction. The group hopes to rally the community in favor of building a Habitat house in over the next few years, helping more families fulfill their dream of owning a home.

# Best Buddies

Best Buddies is a rewarding club that makes it possible for students to interact with and enhance the lives of other students with mental and physical disabilities. Club members take time to establish one-on-one friendships with each other, meeting regularly and attending events such as the annual Celtics game. Best Buddies allows all members of the Masconomet student body to socialize and deepen the bonds that hold the school together.

The Gay-Straight Alliance is a humanitarian club at Masconomet that deals with strengthening the ties between every student of the school and fights to end all discrimination against those with alternative sexual orientations. The GSA allows bonds to form between students that would formerly not have existed. It is a great way for students to reach outside of their comfort zone and experience new and interesting opportunities.

# Gay-Straight Alliance

*Oh, I kept the first for another day!*

# S.E.R.T.

The Student Emergency Response Team is a select group of students trained through the First Responder and EMT classes in the field of emergency medical care. The group directs and aides students during fire drills, and can be found on the scene during in-school medical emergencies. They are a well-respected and dedicated group of students with a love for what they do.

Students Protecting Animal Rights is a group concerned with the welfare of all animals. Founded by Caitlin Sullivan-Gregory in her freshman year and currently led by Mrs. Miller-Charette, this impassioned group allows members to voice their opinions in an accepting setting. Though still a fairly young club, S.P.A.R. is gaining interest and recognition for its position on equal rights.

# S.P.A.R.

*...Yet knowing how way leads on to way,*

# WBMT

WBMT is the entirely student-run radio station here at Masconomet, one of the few of its kind in all of greater New England. Groups of students are allowed three-hour shifts each week, during which they play music from a wide variety of genres that suit all tastes. Students with a love of music enjoy this opportunity to DJ and share their taste in music with others over the radio.

# Stage Crew

The Stage Crew works with the Drama department with the responsibility of running all of the lighting, sound, and set creation for each show throughout the year. They work on the High School fall musical and winter straight show, as well as helping with the Middle School musical and Senior Frolics each spring. The crew works continuously behind the scenes, making it possible for everyone to enjoy each show that passes through Masco.

*I doubted if I should ever come back.*

# Knitting Club

In its debut this year, a strong constituent of students formed the Knitting Club, participating in learning and perfecting their needlework. Meeting weekly to create individual projects under the guidance of Mrs. Puglisi, this club relies on the each of its members as they teach each other new stitches. Knitting club has created a niche at Masco that it hopes it can fill for many years to come.

# Ladies Choir

Ladies Choir is an all-female singing ensemble that meets during the lunch period. It is the intermediate group between the Chorale and Singers groups, and allows the girls to sing multi-part pieces that best express their voices. They perform in concerts throughout the year along with the other music department ensembles. By the way, Lang and Harry...way to be!

# Singers

Singers is a choral group that meets every-other day as a class at Masco. It is open to any and all willing participants. It allows members the opportunity to sing an array of genres of music, ranging from classical to Broadway. The group performs in several concerts throughout the year along with the Chorale and other various ensembles.

Chorale consists of a choice group of talented singers. In order to participate, one must audition and be selected for the group. These singers go outside of school to perform at various places such as churches, rotary clubs, town Christmas tree lightings, and more, in addition to performing at the Music Department concerts throughout the year.

# Chorale

# Jazz Choir

Jazz Choir is an after school singing group in which any music department students can participate. They sing various modern jazz songs as well as standards, and notably perform at the Topsfield Fair. They also perform at concerts both together with and separate from the other choral ensembles. "Yeah JC!"

The Masco Jazz Band is another music extracurricular for dedicated students. Those who have a specialized interest in jazz, improvisation, or simply the opportunity to play nontraditional music in a small ensemble enjoy participating in the group. The Jazz Band plays several well-attended concerts throughout the year, both at local competitions and for the enjoyment of parents and peers.

# Jazz Band

# Concert Band

The Concert Band, the largest music ensemble at Masco, came through again in 2006 with a successful performance year. At the Holiday Concert, in addition to the standard black-and-white dress code, the Seniors could be seen sporting the traditional Santa hats, or, in the case of Alex Basset, a complete Santa suit. The band also recently performed a successful chamber music concert as well as the annual Spring concert in April.

The Pit Orchestra, another of Masco's extracurricular music ensembles, performs each year in cooperation with the Drama department. They provide live music on show nights for the annual High School fall musical a task which involves learning the Broadway score for each show. This year they successfully undertook the task of performing the music to "A Chorus Line" during the show's three-night run, making sure to enjoy themselves backstage wit a full cookout and a movie running behind-the-scenes.

# Pit Orchestra

*I took the one less traveled by,*

# Pep Band

The Pep band is a group of dedicated musicians who can be found pumping up the crowd at Masco's home-field sporting events. They are in their prime during the fall Football season, where they encourage the team and amp school spirit at the night games. Not only do they play, however - they proudly sport a uniform of their own, consisting of a red tee-shirt that declares, "We need more cowbell!!"

This group of lively musicians can be found onstage at band concerts, entertaining the crowd with complex rhythms composed entirely by percussion instruments. The group uses an array of drums, bells, and other instruments that may look entirely unfamiliar, but sound like perfection with their excellent coordination.

# Percussion Ensemble

*...And that has made all the difference.*

# Tri-Town Council

The Tri-Town Council on Youth and Family Services is a non-profit human service organization that strives to enhance the quality of life for residents of Boxford, Middleton, and Topsfield. Its mission is to achieve the provision of prevention services, counseling, and community building. The Council collaborates with the school to create a healthy, thoughtful and accepting community.

# THE LONGEST Yard

In what was expected to be a transition year after the loss of many key players, the football team came through with a strong season. Led by a powerful defense of upperclassmen, the Chieftains were able to win all but three games against their regular season opponents, gaining them an 8-3 record in the Cape Ann League. They fought hard throughout the season and attributed all of their advantages on the field to the strength and agility they had gained during their early morning lifting sessions.

# Keeping the Tradition

The Boys' Soccer Team had an extremely successful season, making it into the third-round of the state tournament with a final record of 14-4-4, and winning the CAL championship for the fourth year in a row. The team's success was highlighted by nearly reaching Dr. Emmon's career goal of 500 wins. The young players had to step up due to the loss of nine starters from last year, but, as their record shows, they were able to overcome the challenge. The team bonded during double sessions and, as always, carried on the "Tradition of Excellence."

Dr. Emmons had an impressive record to say the least. Winning over 23 CAL titles in just 33 years of coaching, Coach Emmons is well-known on and off the field for his role in the Masconomet Community.

The Girls Soccer team improved immensely from last season, ending with an impressive record of 9-4-5. The younger players made their presence known, amassing almost half of the team's goals, and adding strong players to the defense as well. Although the girls seemed plagued by both giving and getting injuries, the season was nothing but "pure fun," and the girls are looking forward to next season.

Casey's Bunnies were at it again this year, winning nine out of eleven meets with a giant team of over 84 girls. Led by strong captains and a competitive junior group they were able to overcome one of the teams they had lost to in the regular season in their CAL performance. The team came together for the annual Meatfest and to play memorable pranks on the boys. With early morning practices and a sleepover, the team grew closer than in past years, a tradition they hope to continue. The rising interest in sports is making next year's prospects bright for Casey and his Bunnies.

CAPE ANN LEAGUE

The golf team extended their impressive career in the Cape Ann League this year. Once again they earned the title of CAL-Champs with their win over the NEC champions, Salem. Their strong lineup, led by David Ake and backed by strongplayers proved that they belong on the golf course. The group of golfers accredits their success to the unity that has always been associated with Masco Golf. The team formed a successful harmony by competing together in the annual "Masco Scramble" and sharing many jokes about their infamous van, "The Jury." The team knows how to enjoy their season and this undoubtedly why they have always been so successful.

# Getting A Stick On it

Katie Caponigro approaches the ball, preparing for a quick reverse-stick pull.

This was a year of change for the lady chieftains, who entered the season with a new coach and many freshmen players. Overcoming challenging competition and plenty of sprints, the girl bonded and finally became a "family." Their record did not accurately reflect the effort they put in on and off the field. However, the girls were "too legit to quit." With many returning seniors and lots of potential, next year's season promises to be a successful one.

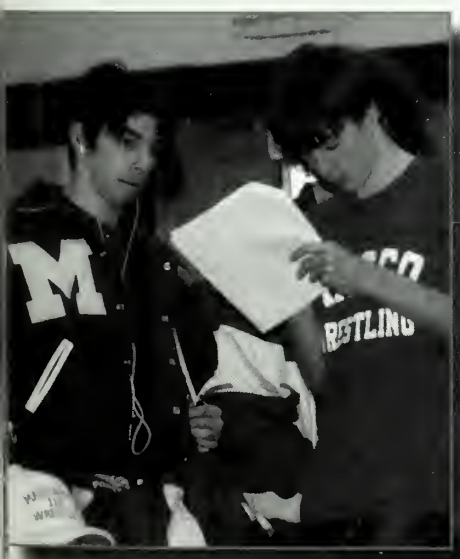
Although they began the season with some open spots in the varsity lineup, the team pulled together to achieve success. The outlook is good for the future of Masco Wrestling; the younger team members went into each meet with intensity throughout the season and their potential is high.



# On THE Powerplay

The Boys Hockey team faced another challenging season this winter with a new coaching staff in tow. The Boys Ski team has kept their strength in the Cape Ann League consistent over the past years. JM Cascio, John Kmetz, and Gary Wilson led the team to a .500 season this year with big wins against Andover and Bishop-Fenwick. The underclassmen also earned big points for Masco in all their meets. "I have little doubt that the team will struggle next year with all of the Seniors leaving," says captain Gary Wilson. The talent has spread through the squad, with as many as four underclassmen receiving Varsity letters. The members of the Girls Ski team thrive off of the rush of speeding down the six slopes of Bradford. Their premium blend of talent and drive led them through an impressive year. Captains Jillian Reddy, Ashley Cummings, and Erica Famolare taught the girls how to make the most out of the "little hill" by having snowball fights and playing rounds of "foccer." Pasta parties at Papa Gino's and at captains' houses helped to keep the traditions of the past alive. The Varsity team raced their hearts out in meets against NA and Austin Prep and smoked the competition. Leadership Rafting !!!!

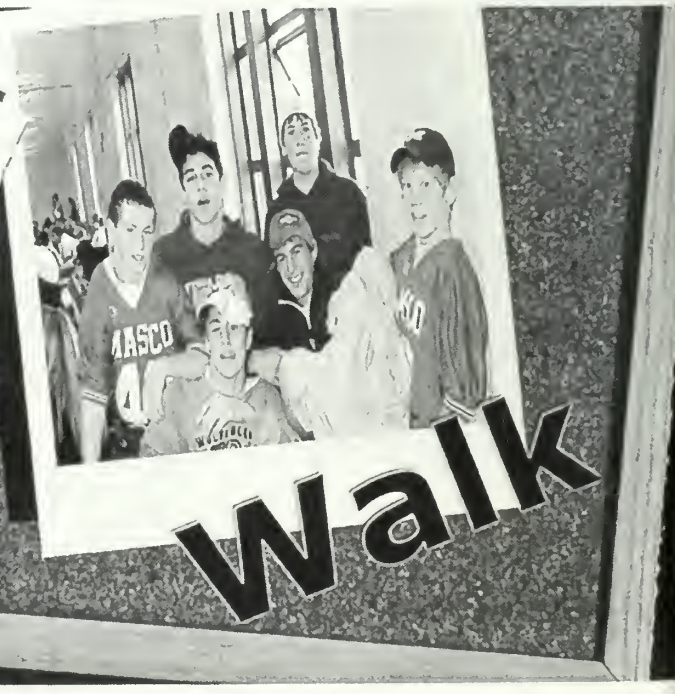
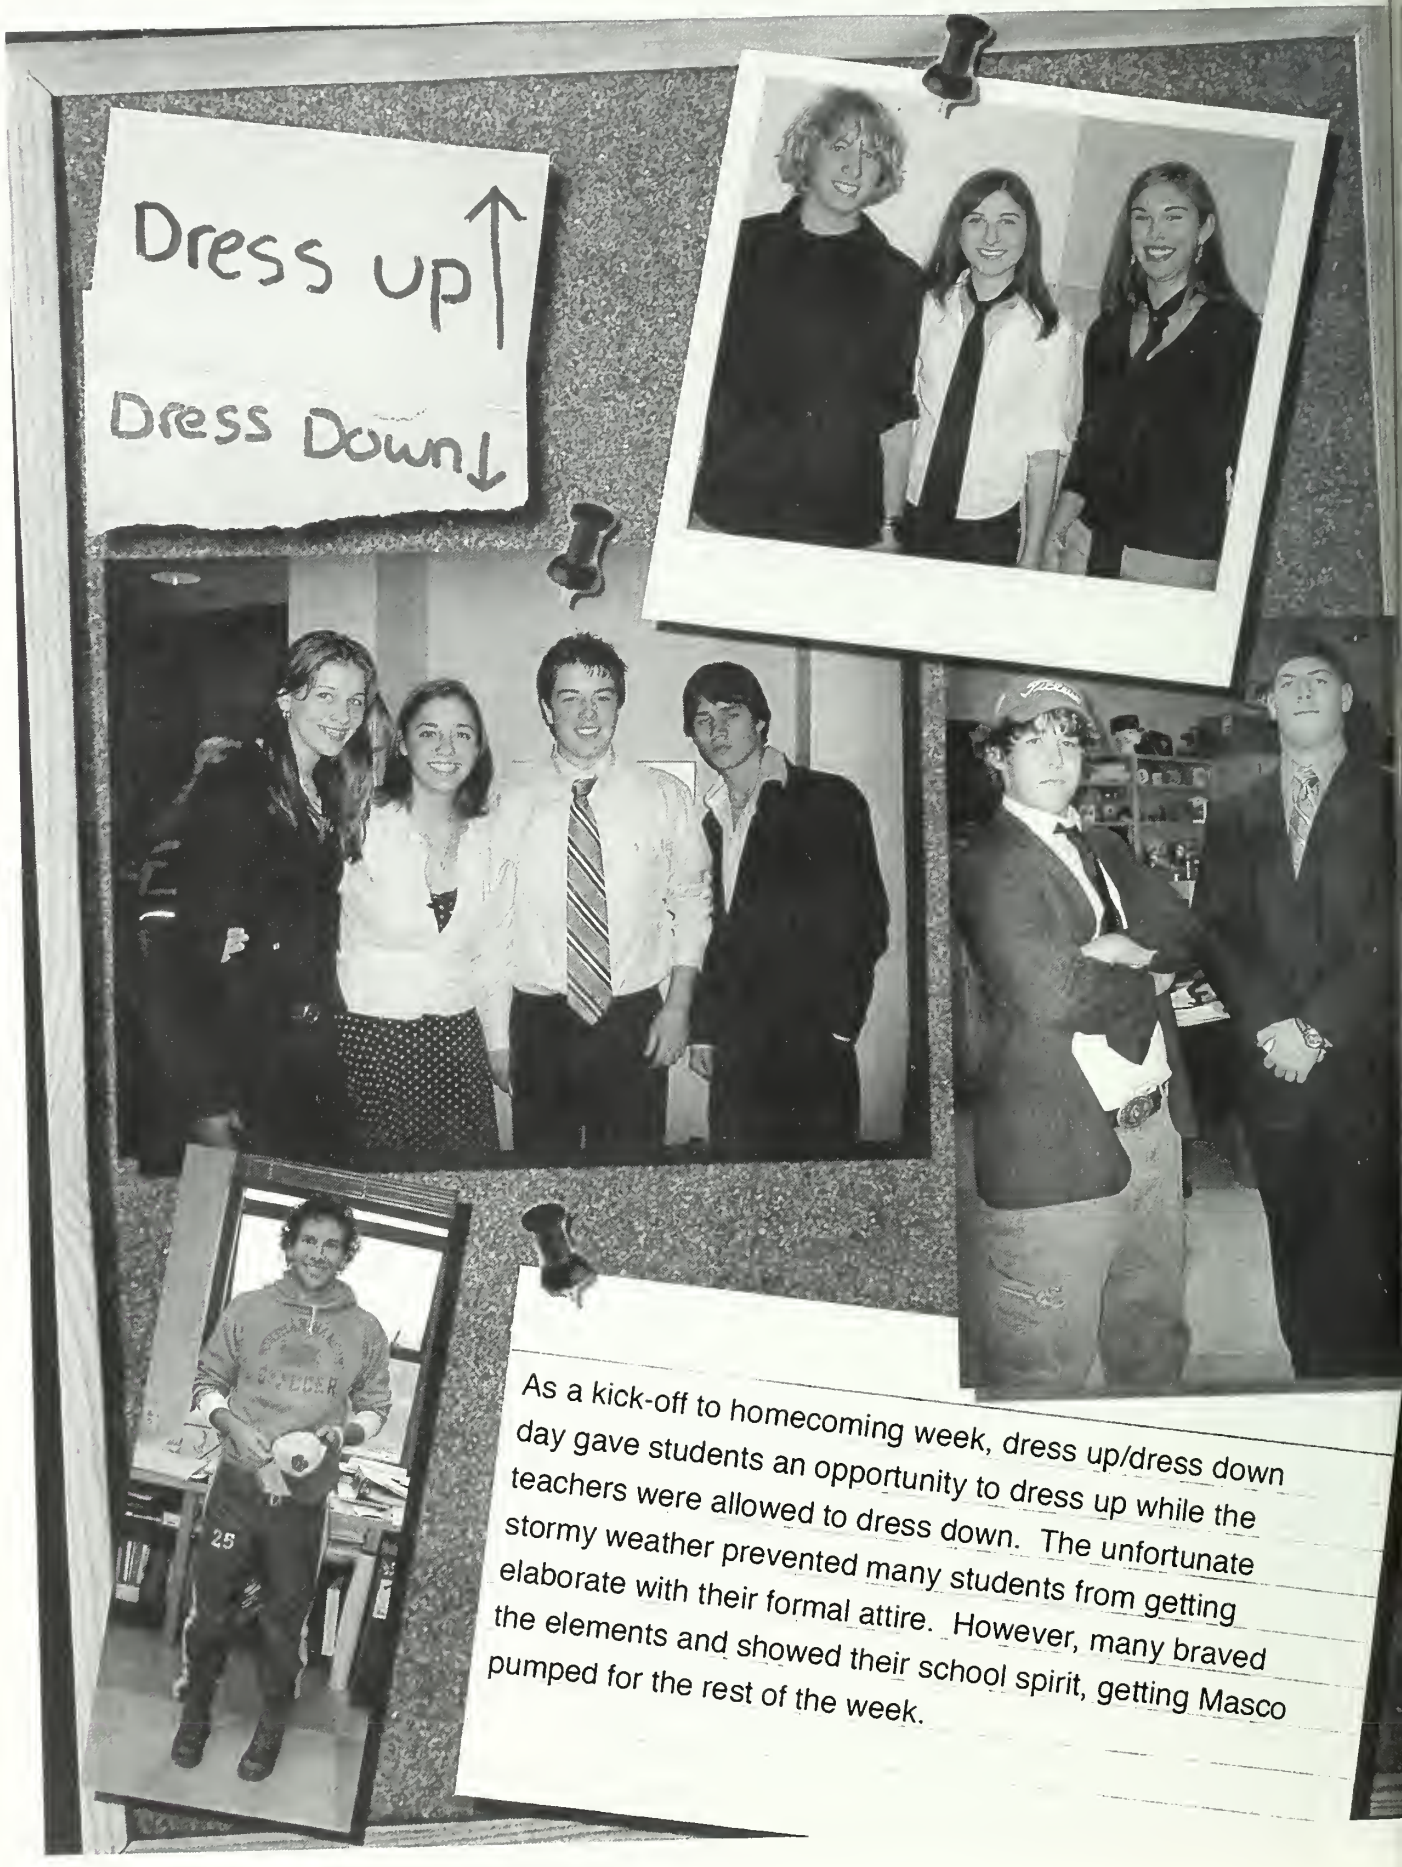
The annual Leadership Rafting Trip was held again this year. The group headed up to the Moxie Outdoor Adventure Camp in The Forks, Maine. They stayed at the Camp for two nights and rafted the class-4 Kennebec River Gorge on their second day. This trip helped the leaders of each class to establish a bond that is important in doing the job that is expected of them at Masconomet. The trip was very beneficial and will be continued for many years to come.

# Freshman Walk

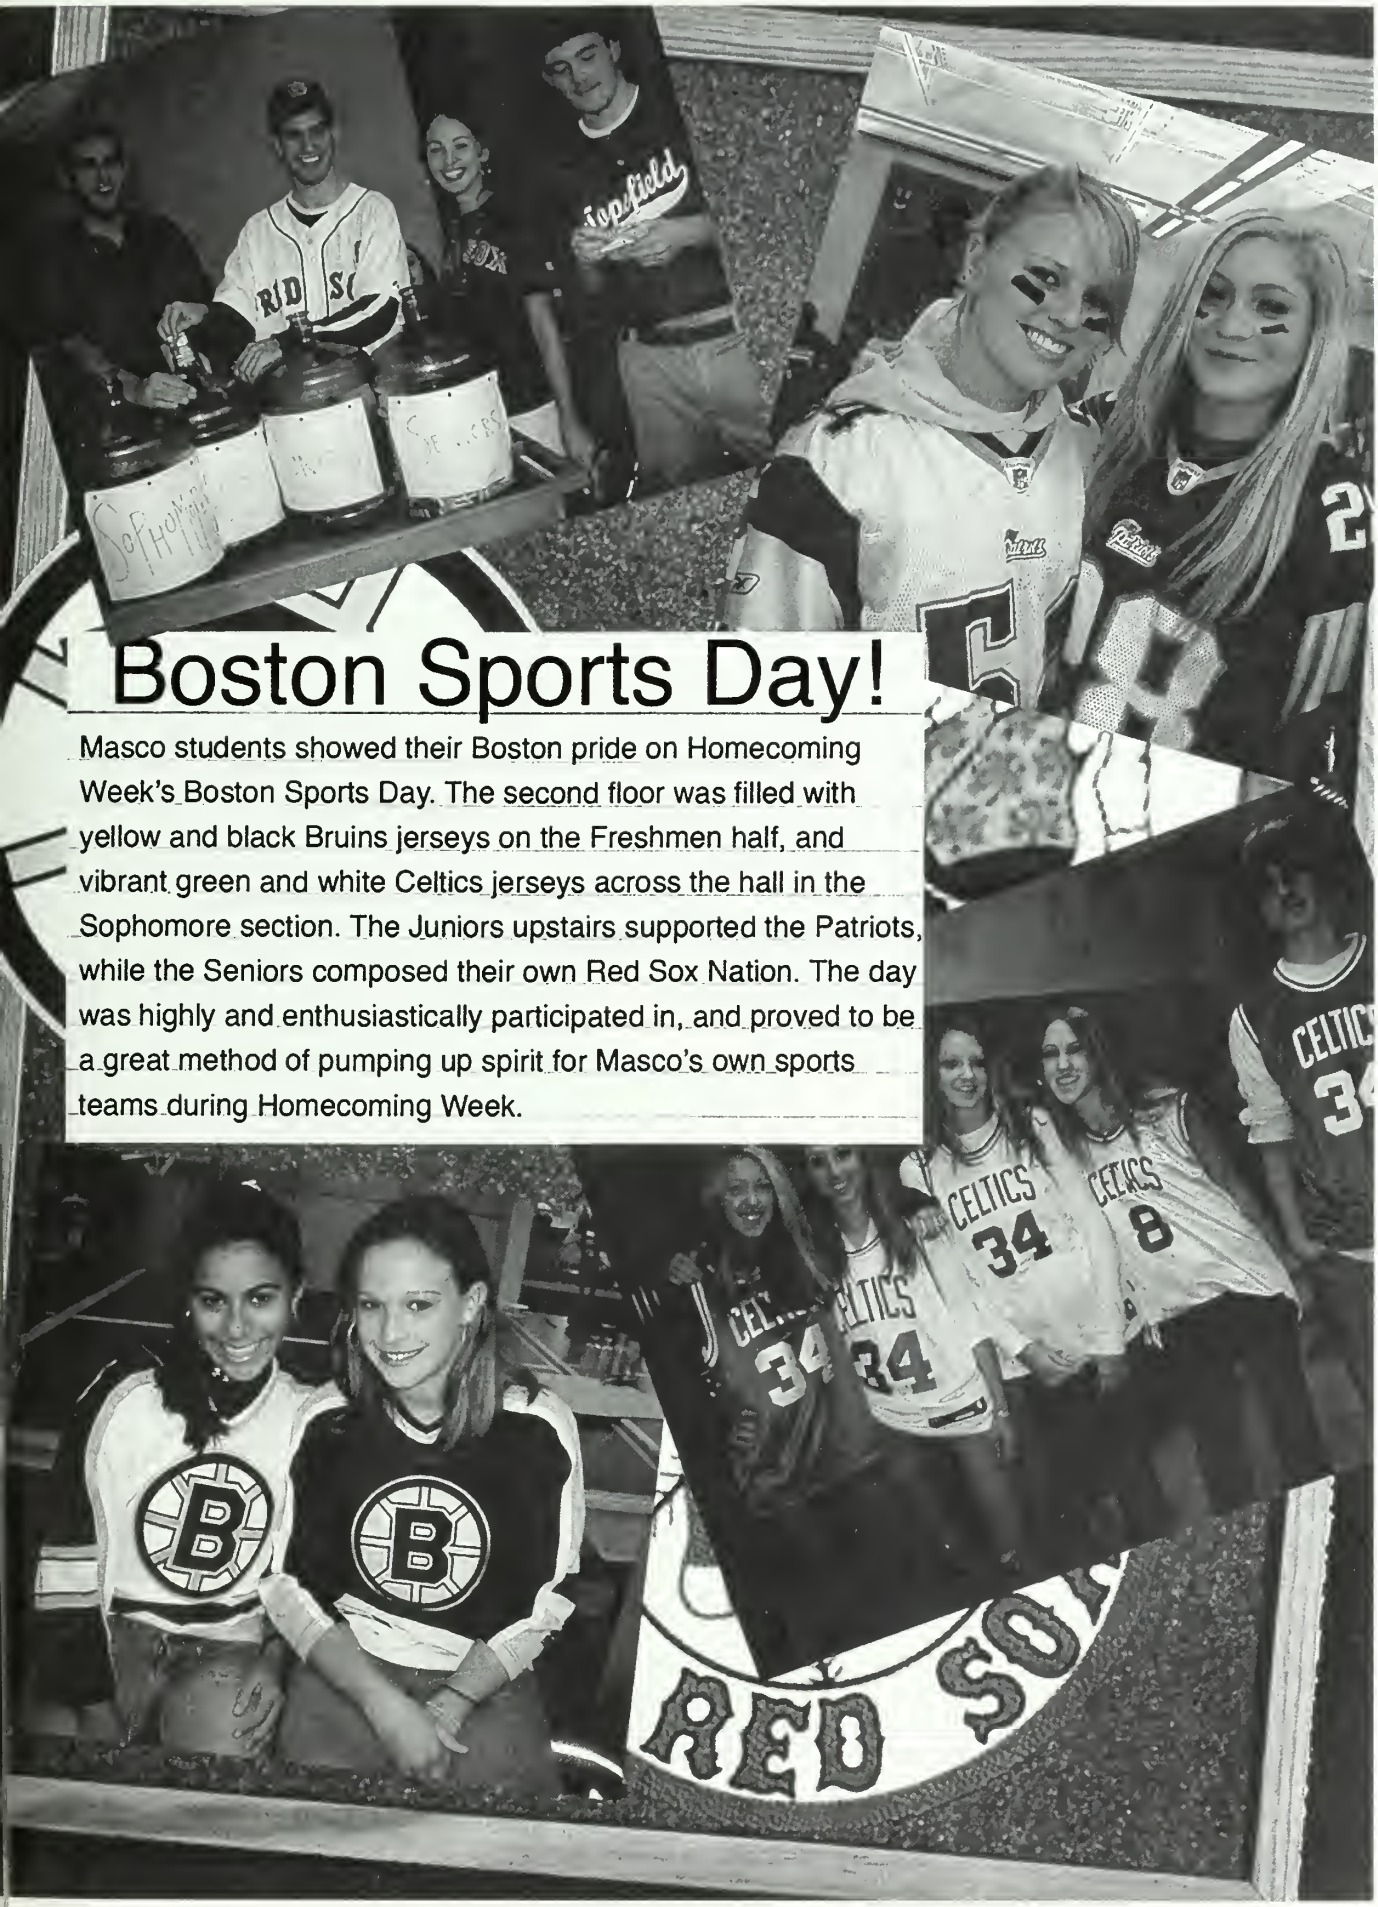
Mr. Serino and the Peerleaders led the Freshmen in a walk through Topsfield this October, attempting to raise funds for various charities. Being the first peerleading activity since orientation, the students were able to meet with their groups and see their friends. This enjoable fundraiser has been a part of the Freshmen fall quarter for many years, and it looks as if it is here to stay.



The ABC Fair, held at Proctor Elementary school, was a huge success this year in raising funds for the ABC house. Run by the A Better Chance Foundation, the fair included a moonbounce and a giant slide, as well as games to play for prizes. The Fair was organized mostly by the student ABC board, and the adult ABC board served as supervisors to the event.
The students posted flyers as well as worked on various other types of advertisement-efforts that were rewarded with the fair's great attendance.



As a kick-off to homecoming week, dress up/dress down day gave students an opportunity to dress up while the teachers were allowed to dress down. The unfortunate stormy weather prevented many students from getting elaborate with their formal attire. However, many braved the elements and showed their school spirit, getting Masco pumped for the rest of the week.

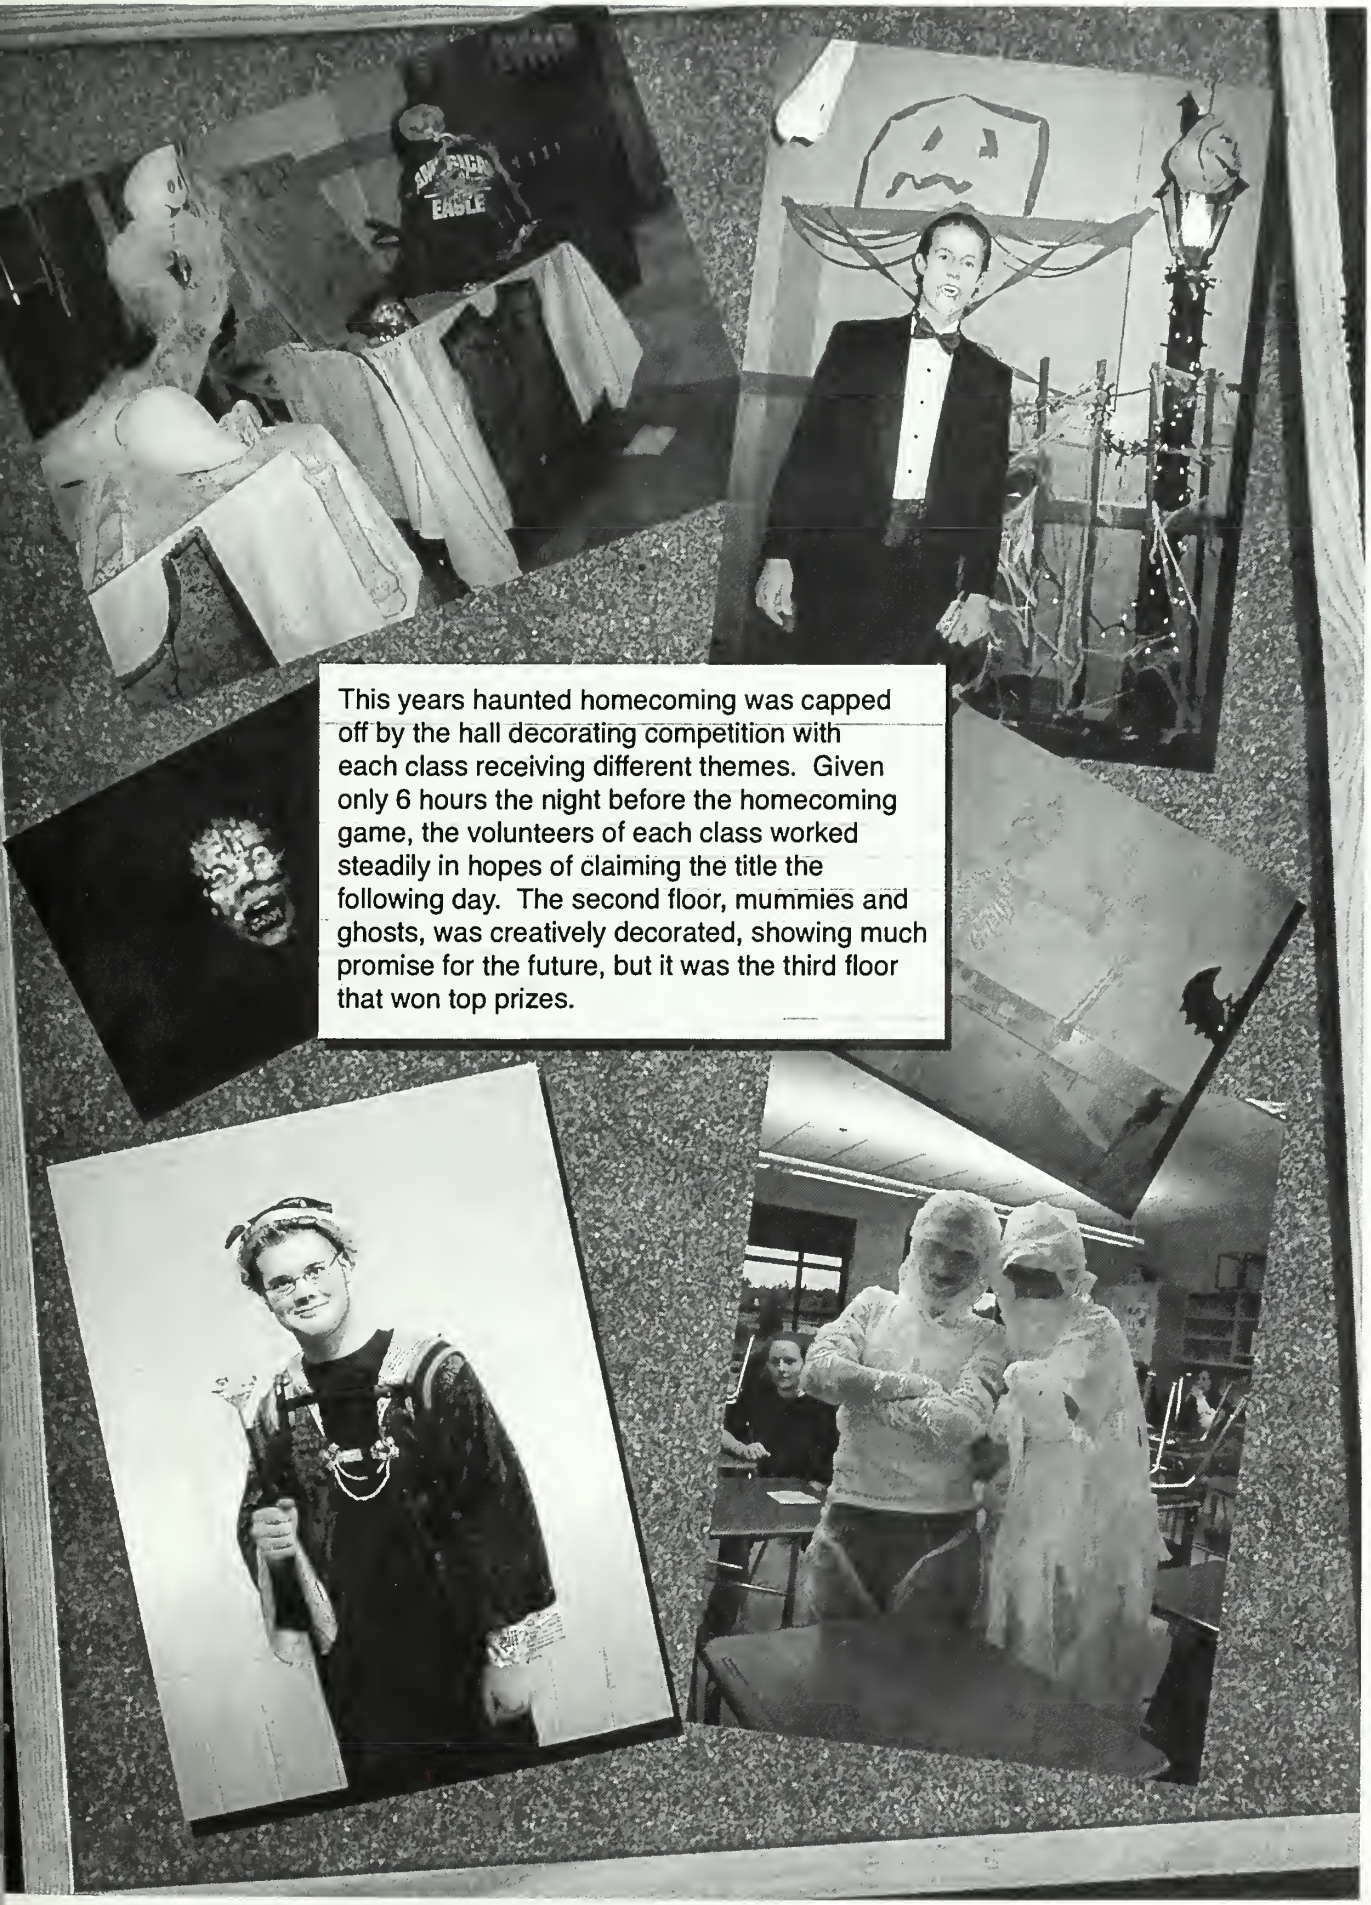


# Boston Sports Day!

Masco students showed their Boston pride on Homecoming Week's Boston Sports Day. The second floor was filled with yellow and black Bruins jerseys on the Freshmen half, and vibrant green and white Celtics jerseys across the hall in the Sophomore section. The Juniors upstairs supported the Patriots, while the Seniors composed their own Red Sox Nation. The day was highly and enthusiastically participated in, and proved to be a great method of pumping up spirit for Masco's own sports teams during Homecoming Week.

# HOME COMING!

A blast from the past, this day asked each class to dress up as if they were from another decade. The freshmen wore poodle skirts for the 50's, while the sophomores sported their flashdance clothing dating the 80's. On the third floor, flower power was represented by both the juniors, dressed as the 70's, and the seniors as the 60's. All classes showed their outstanding school spirit with their extravagant costumes.

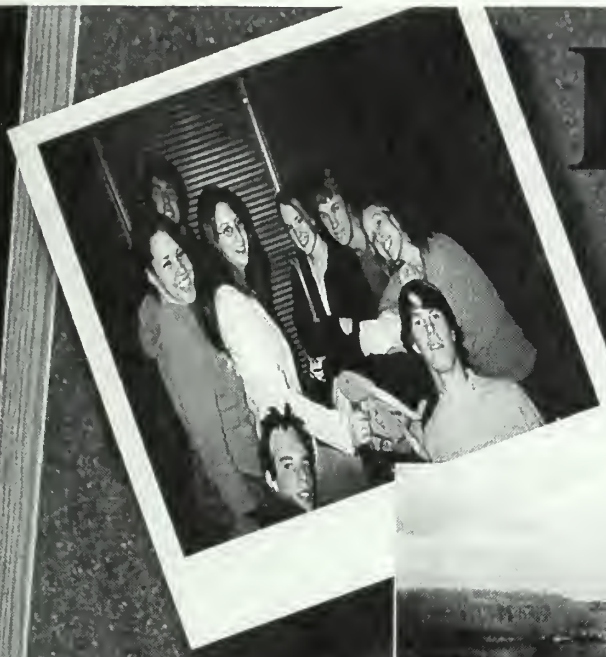


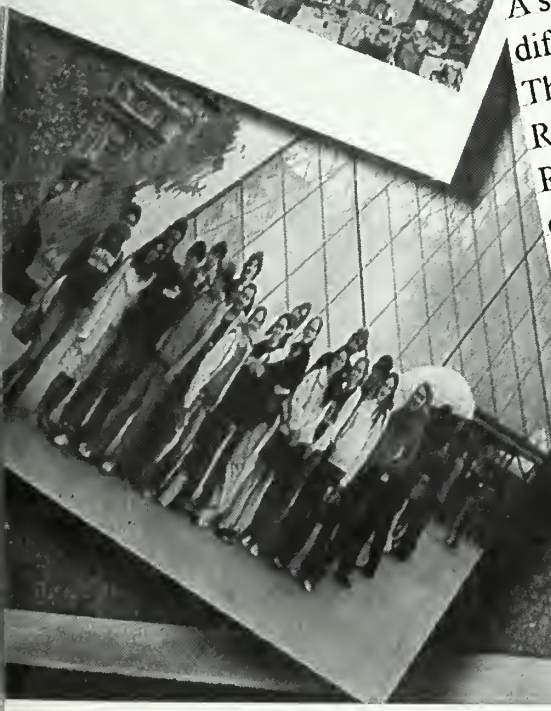
This years haunted homecoming was capped off by the hall decorating competition with each class receiving different themes. Given only 6 hours the night before the homecoming game, the volunteers of each class worked steadily in hopes of claiming the title the following day. The second floor, mummies and ghosts, was creatively decorated, showing much promise for the future, but it was the third floor that won top prizes.

# Spanish Exchange!

The Spanish Exchange of 2005, under the guidance of Senior Pierce, was as successful as it has been in past years. The group of exchange students arrived to Boston in November and resided with their host families in the Tri-Town. During their visit stateside, the students visited Plymouth Plantation and the Museum of Science, sharing the culture and history of their American correspondents. In April, the Masconomet students went to Spain to meet again with their exchange students. Their first journey was to Madrid which was closely followed by their stays at the homes of the Spanish families. The exchange allowed all of the students to experience both the urban and the suburban lifestyles of Spain.

# French Exchange





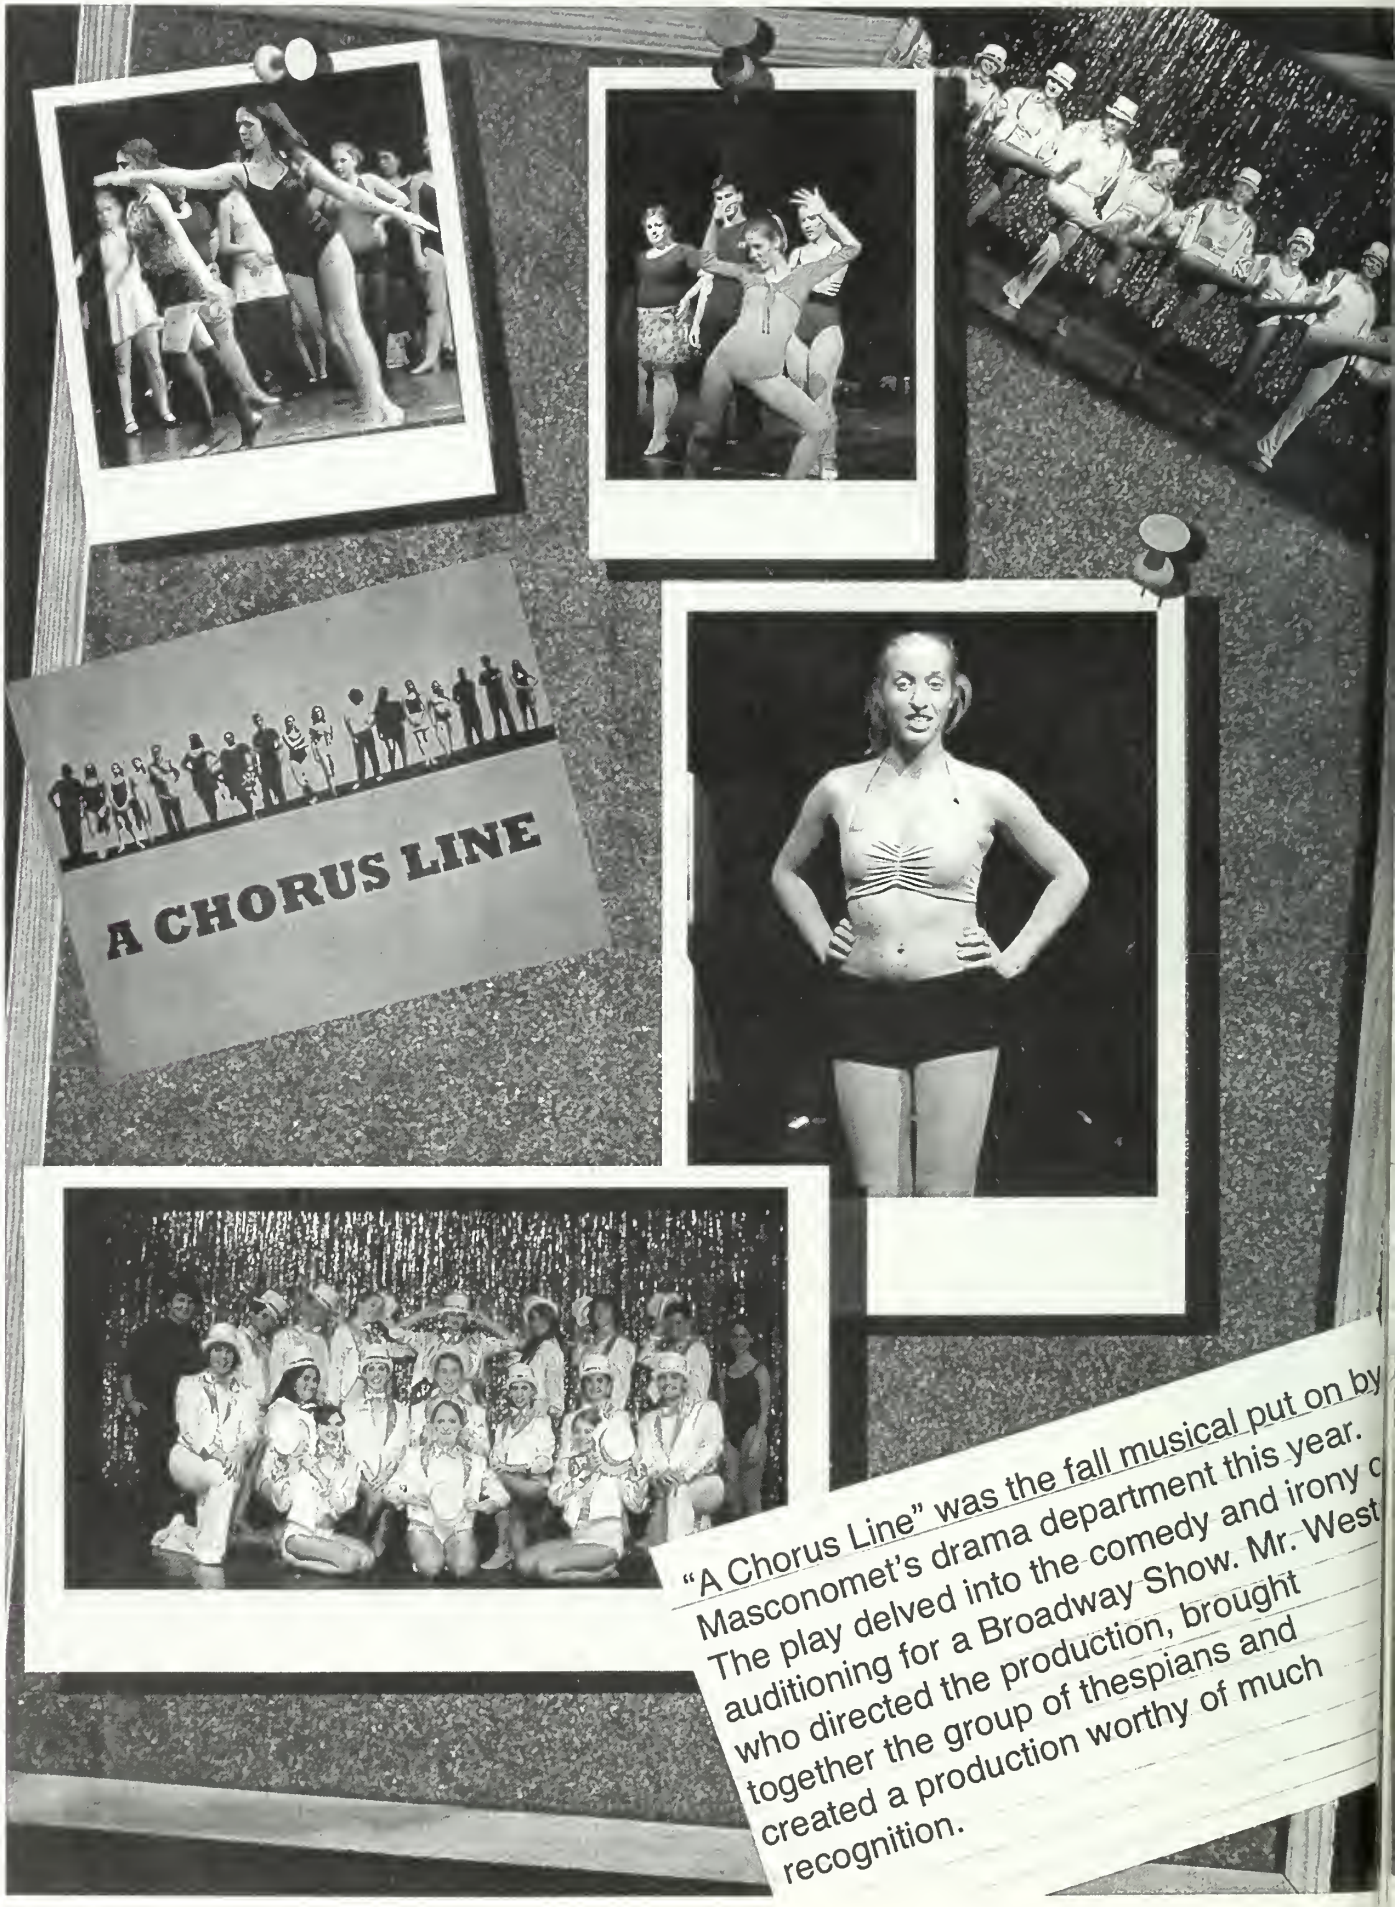
A small group of Masco Students ventured into an entirely different country last April during the 2005 French Exchange. The exchange, led by Madame Megna-Wallace and Madame Rasner, paired an English student with a French student from Renne, France. The program is a revolutionary method of connecting foreign cultures, societies, and languages in a successful and rewarding experience for all that participate.

# German Exchange

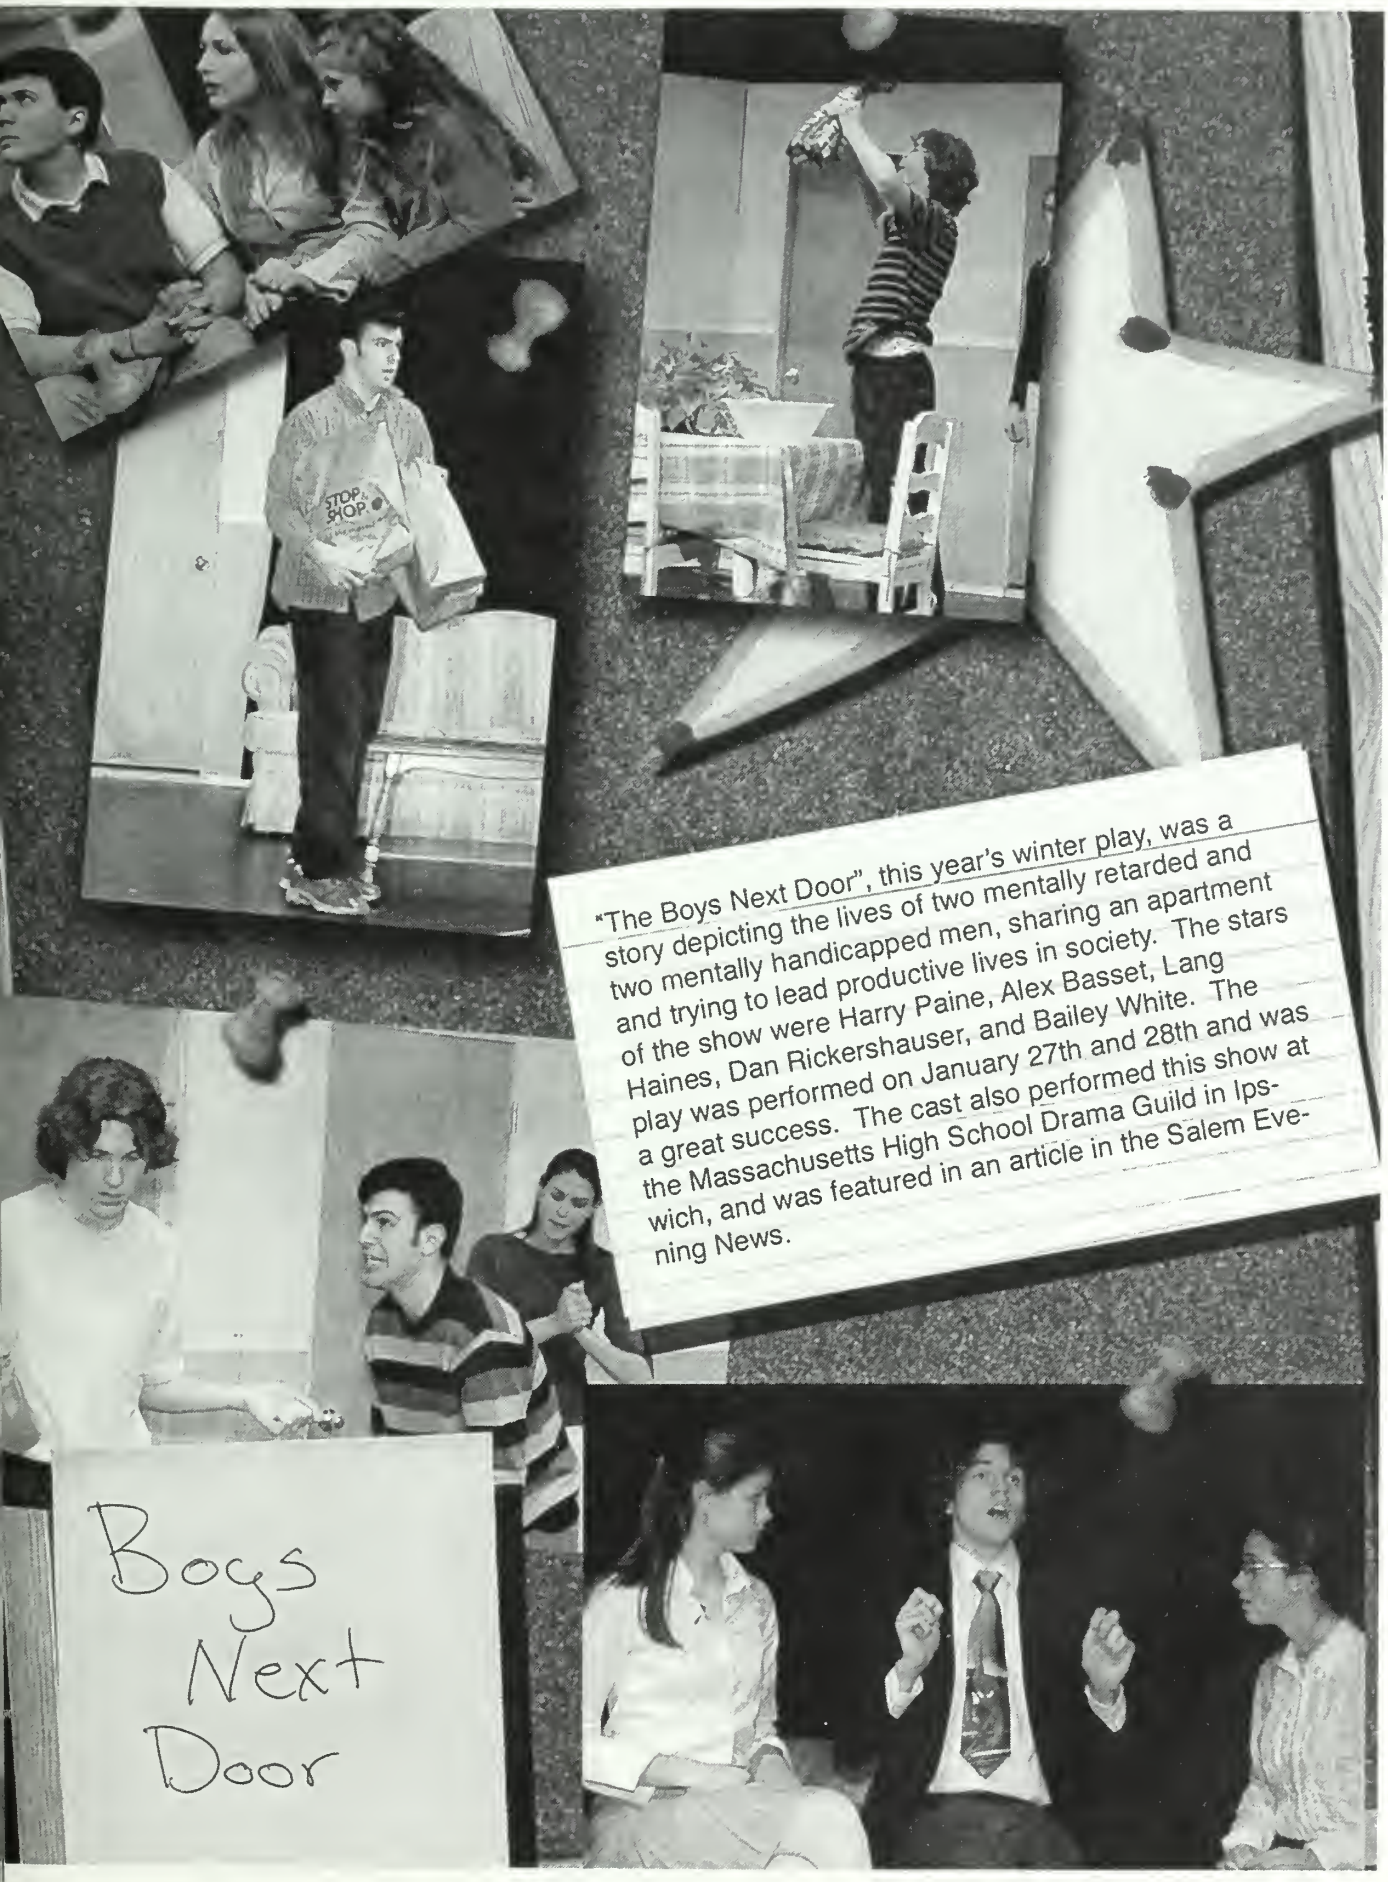
Conducted on an every-other-year cycle, the German students from the 2005-2006 year had an unforgettable experience. Like the other exchanges, their foreign counterparts visited Masconomet in the fall and saw all that Boston had to offer. Led by both Frou Tollman and Frou Conklin, the participants from Masco got to see a side of the German culture only to be experienced on foreign soil. Excited for next year, the class of German students look forward to another succesful return.

Spirit Day '05 was shorter and sweeter this year, as it was not preceded by the traditional awards ceremony. Attendance was impressive as was participation in the day's events. The football captains gave a rallying speech and also helped the Seniors win the tug-of-war competition. The Seniors went on to be the overall victors, though they were closely followed by the juniors. The Freshmen won the loudest cheering contest and the Sophomores fell into 4th place... better luck next year!!

Spirit Day

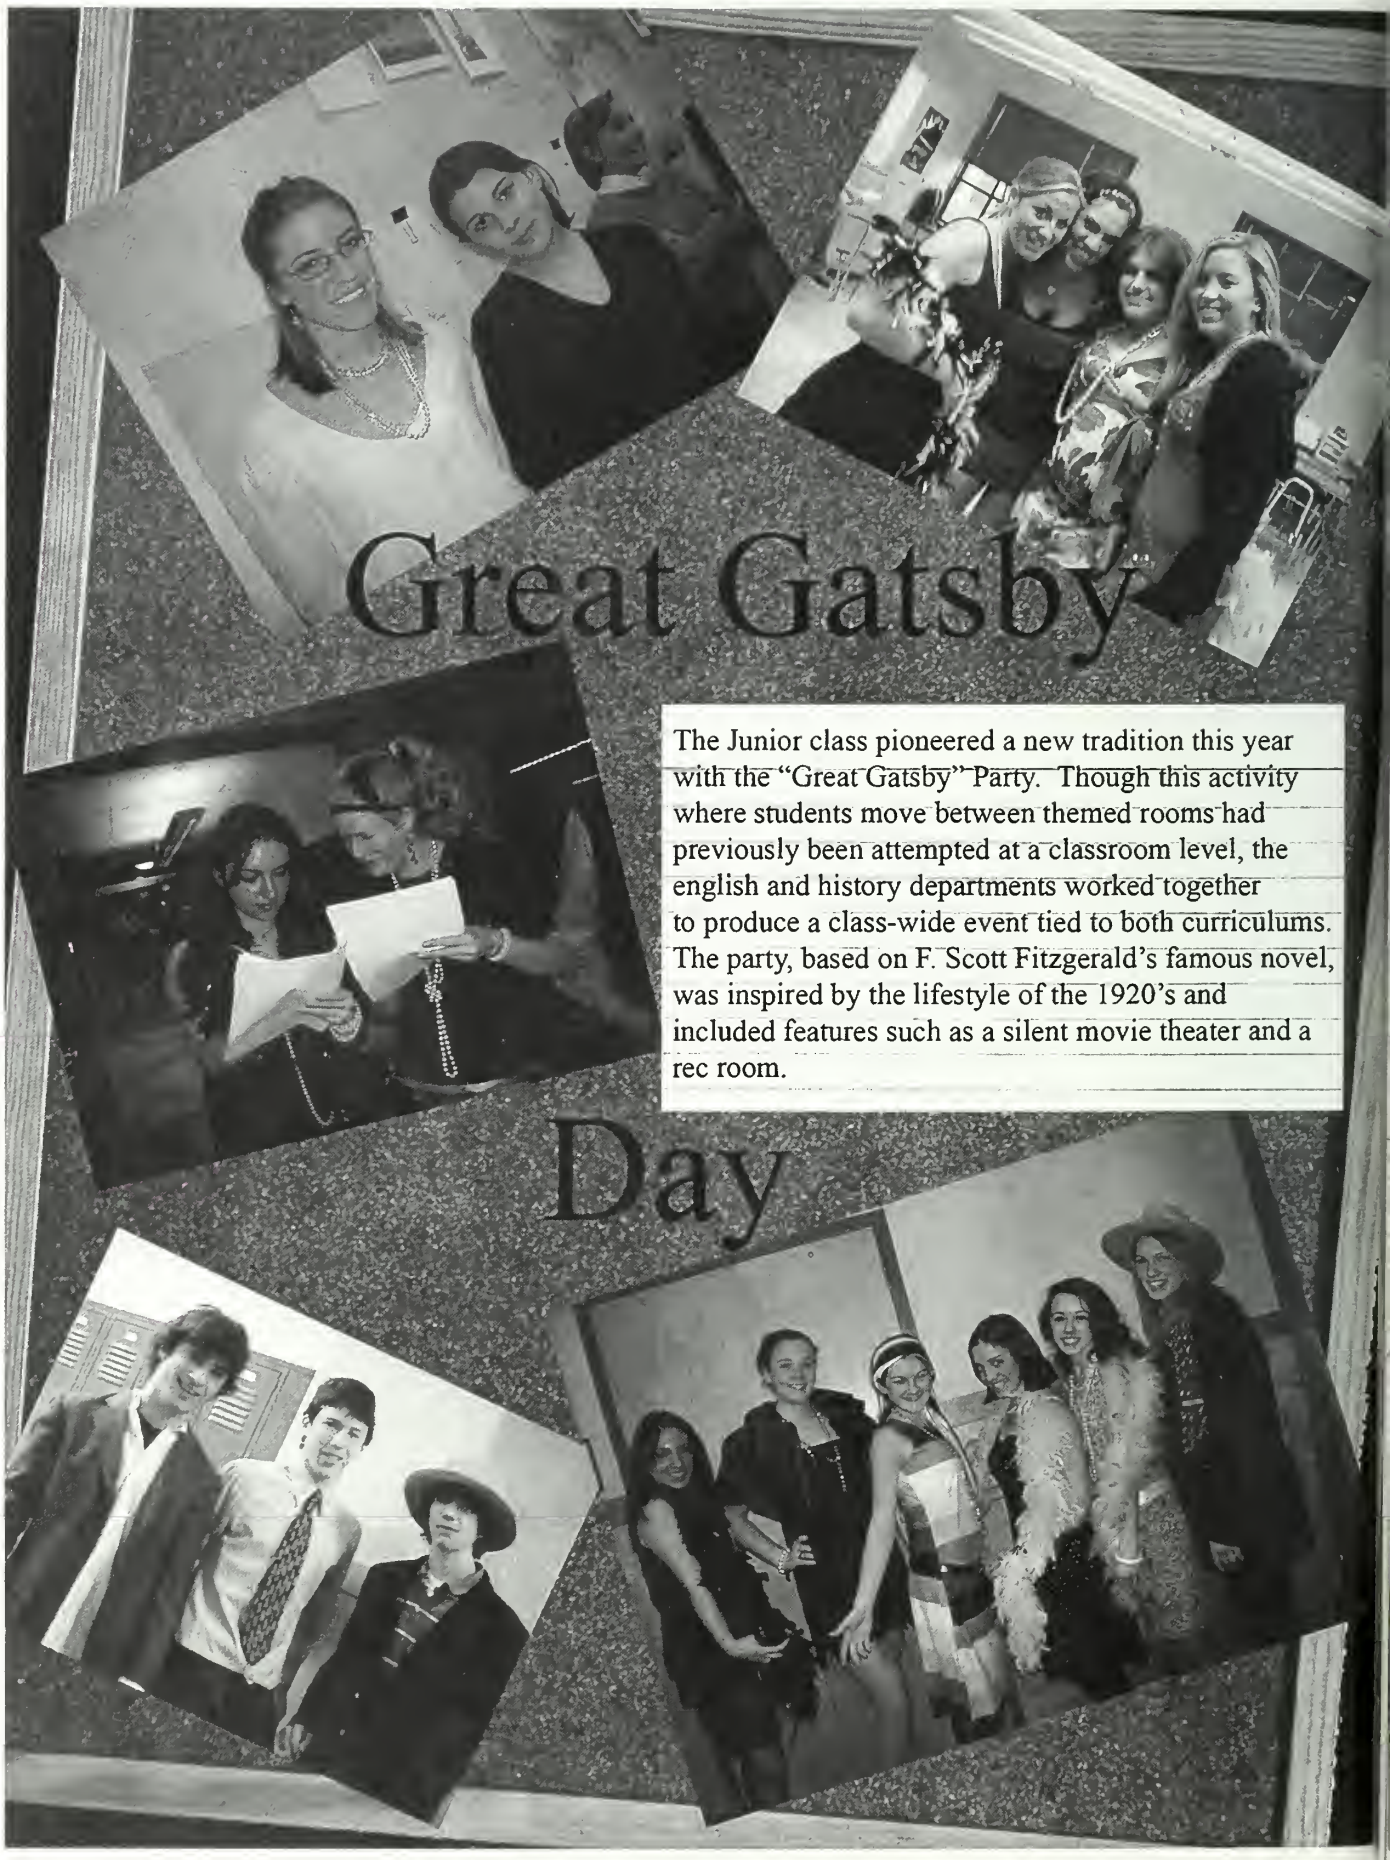


"A Chorus Line" was the fall musical put on by Masconomet's drama department this year. The play delved into the comedy and irony of auditioning for a Broadway Show. Mr. West who directed the production, brought together the group of thespians and created a production worthy of much recognition.



"The Boys Next Door", this year's winter play, was a story depicting the lives of two mentally retarded and two mentally handicapped men, sharing an apartment and trying to lead productive lives in society. The stars of the show were Harry Paine, Alex Basset, Lang Haines, Dan Rickershauser, and Bailey White. The play was performed on January 27th and 28th and was a great success. The cast also performed this show at the Massachusetts High School Drama Guild in Ipswich, and was featured in an article in the Salem Evening News.

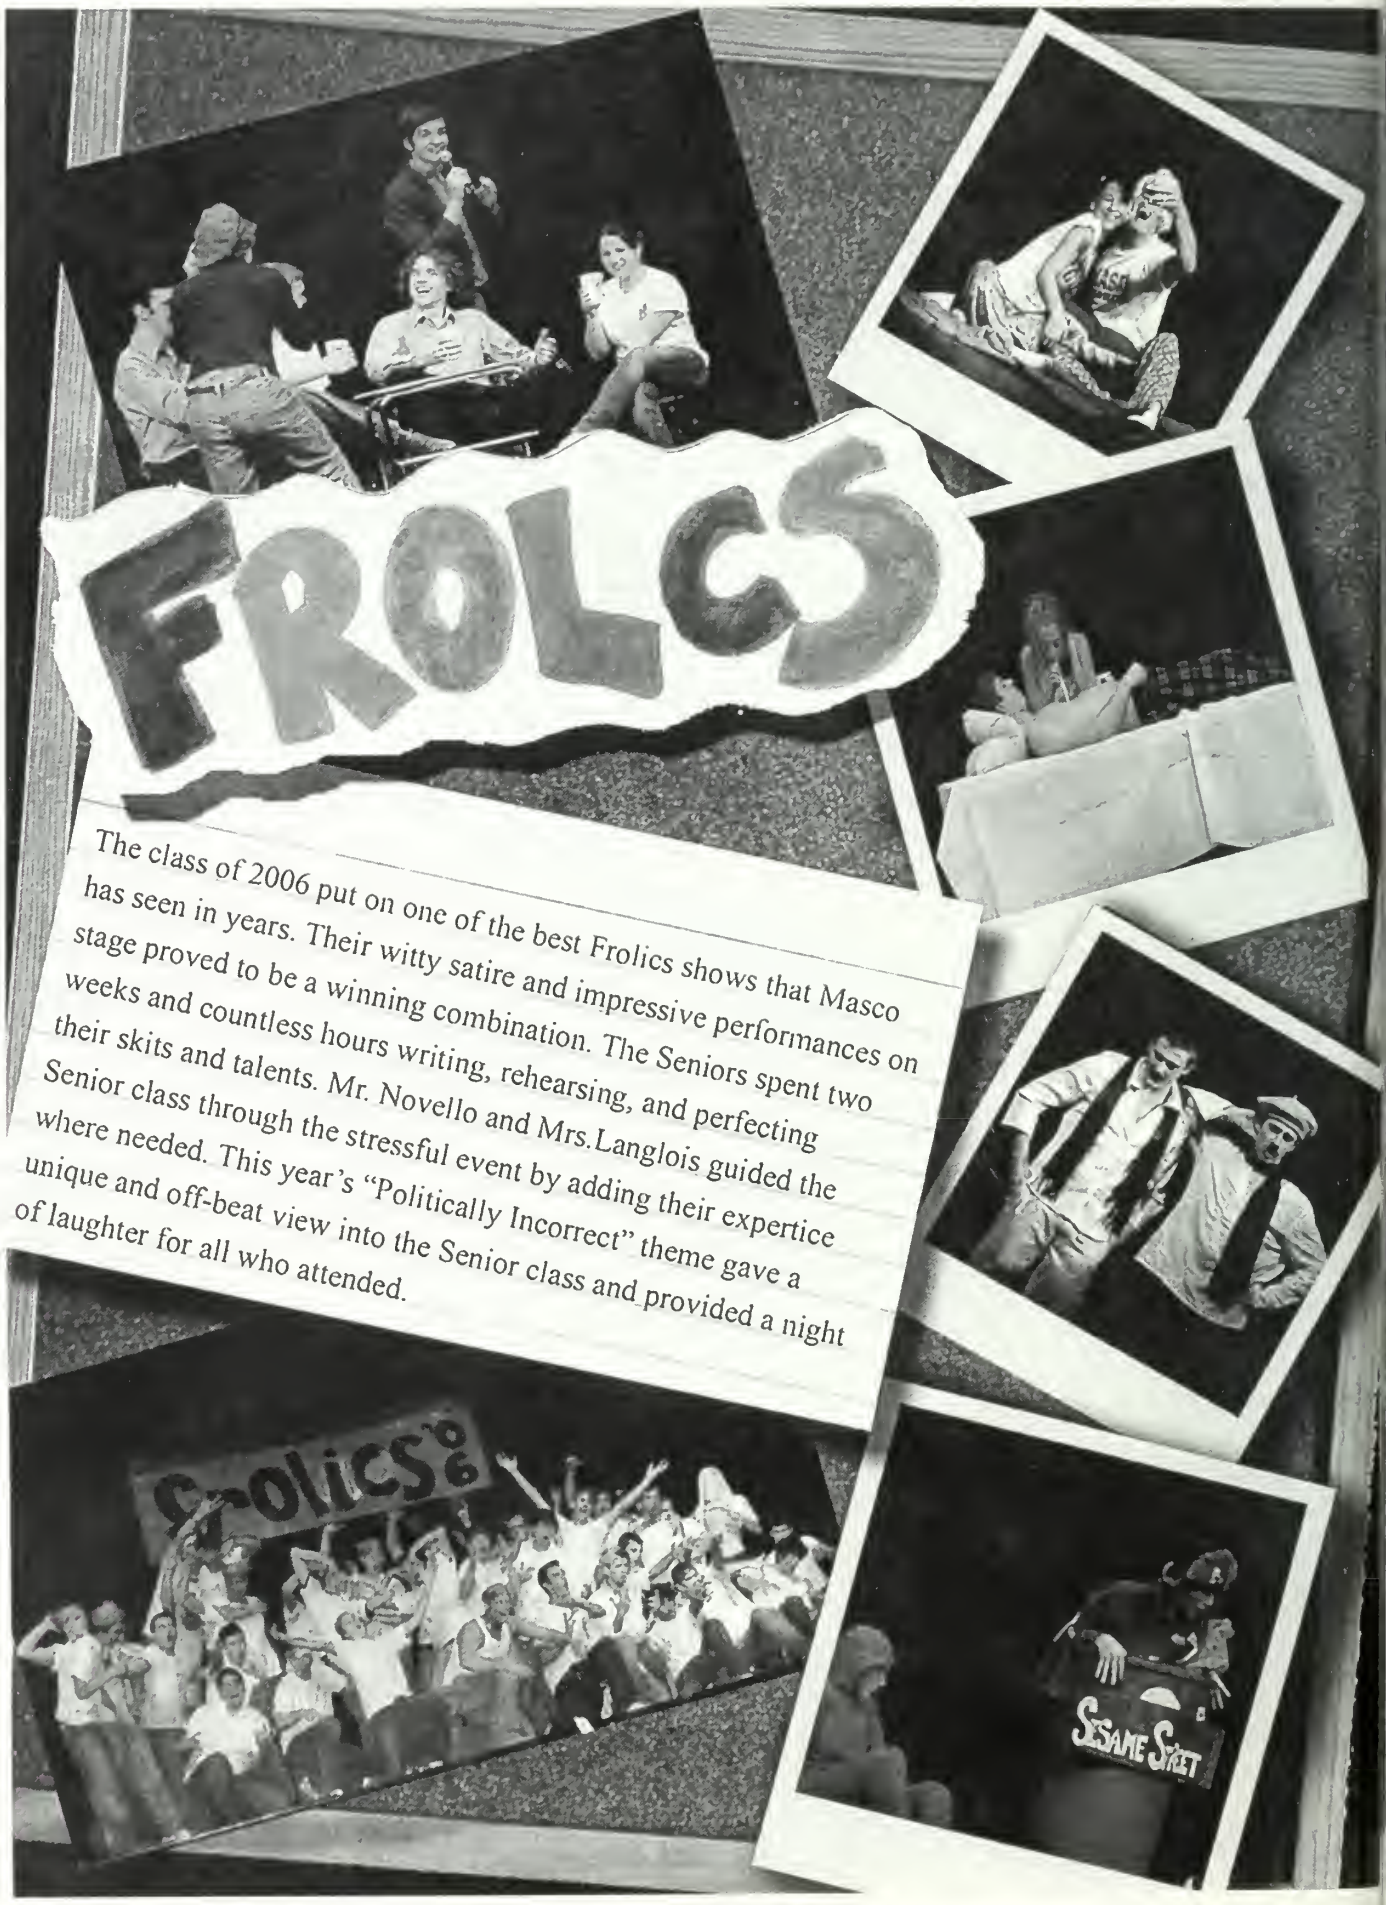
Boys Next Door



# Great Gatsby Day

The Junior class pioneered a new tradition this year with the "Great Gatsby" Party. Though this activity where students move between themed rooms had previously been attempted at a classroom level, the english and history departments worked together to produce a class-wide event tied to both curriculums. The party, based on F. Scott Fitzgerald's famous novel, was inspired by the lifestyle of the 1920's and included features such as a silent movie theater and a rec room.

The Freshman sophmore semi formal was held at the Sheraton Colonial Hotel in Wakefield this year. Dinner was served in multiple rooms, follow by a rush to the main dance floor. The DJ was a hit, playing great songs and throwing party favors into the crowd. Mr. Serino and the PLC's kept it real on the dance floor while the underclassmen tried to keep up. The night went smoothly, and a good time was had by all!



The class of 2006 put on one of the best Frolics shows that Masco has seen in years. Their witty satire and impressive performances on stage proved to be a winning combination. The Seniors spent two weeks and countless hours writing, rehearsing, and perfecting their skits and talents. Mr. Novello and Mrs.Langlois guided the Senior class through the stressful event by adding their expertice where needed. This year's "Politically Incorrect" theme gave a unique and off-beat view into the Senior class and provided a night of laughter for all who attended.

Well, parts of it were fun, and other parts...not so much. On the whole, though, I'd have to say that I had a good run. I always said I wasn't going to name names or inside jokes in this thing, but come on. How can you not?
So, here are a couple of shout-outs: The guys at the lunch table...what can I say? Some of you are destined for greatness. Others will probably end up working at a K-Mart for your entire life (not that there's anything wrong with that, Alan). Costas...an amazing trip with amazing people. I couldn't possibly name everyone who's made high school as memorable as it is, but I'll always remember you (at least, I think I will). Seriously, though, it's been great, and I wish everyone the absolute best. Thanks for everything. Most sincerely yours, Bassett

You make friends, you lose friends, and in the end all that matters is the memories you shared. I couldn't have made it through high school without the people I met. I also couldn't have gotten through it without my parents and family. I love you, your opinion and guidance means the world to me. Amanda and Scott, I hope you live, love and learn just like I did. High school is only a stepping-stone to the real world, so never think your life is stuck. There are always more opportunities, more friends to make, more that you can do to make your life be what you want it to be... and remember to live with the right kind of regrets.

* To the boys that could always put a smile on my face and make me roll my eyes, and to the girls that were always there for me when I needed them and made everyday worth while... To all of you, thank you for the best four years.

* Masco Volleyball... so many memories, thanks for keeping my spirits up I will never forget you, the pasta parties and the inside jokes.

*In twenty years... I will look back at my Senior Square and laugh.*

I wish I could draw or at least write something Coherent. Maybe I'll just write one word that represents the last 4 years like regret or waste but that's so cliche and not to mention it'll be just a waste that I'll regret. I could talk about my friends but it will just become meaningless babble and everyone does that. I could say the past 4 years were great but I'd be lying. "I'll always remember what I don't forget"? no, That's a regret in training. well, all I really learned here was how to get around new problems. Oh well, I'm smarter now..... I hope

Mom, Dad, Carlo, Dante, Angelo and the rest of the family - I love you and thanks for always being there. Everyone at Revere High - it wasn't the same without you guys, but I'm glad we stayed close. Gina, Lisa, Tracy, Cristina, Alex and Courtney - you girls are like sisters to me. I don't know what I'd do without you. My ladies at Masco - love you all and I'm glad I got to know you. I just want to say thanks to all the teachers, coaches and friends that have been there for me. Congratulations class of 2006! Best of Luck. ♥ Veronica

*In twenty years... I hope to be in one of my 10 nightclubs with my beautiful wife, thinking of my 3 sons and a new business to create.*

I'd first off like to thank anyone who helped me in high school. My best times where all the stupid things we did on P-row...jumping off J.L's deck into his old Christmas tree, racing down my street with my friends in mop buckets, and sledding off peoples houses. I'd then like to give a shout out to my brother from another mother Dan who never turned down a job when I asked him, I hold a lot of respect for that, you will get what you want in life because of your "persistence and consistence". To my friend Tor we had a lot of fun dirt biking, off roading, and the summer drives. To the rest of my friends...you know who you are, good luck and if you need any thing in life I'm there.

Through out my life and others, I've learned to always show an excellent presentation to new people, respect you elders, not only should you not make the same mistake twice but learn from other people's mistakes, become independent because in the end it's only **you**, and to **never** give up

First off I want to thank my parents: my father helping with any type of schoolwork problems I had and my mom for "motivating" me to do my homework, and both of you for always supporting me in school and everything else in my life. I definitely have to thank my brother and his friends because although we had our share of fights we also had some good times (project mayhem). My friends have been cool and made high school interesting the last few years so I will thank them too. Thank you coach Mintz for being the man and not letting me be lazy, and not letting anyone else on the team be lazy either (no names mentioned). I definitely have to say a big MFT to the wrestling team because it has been a fun experience.

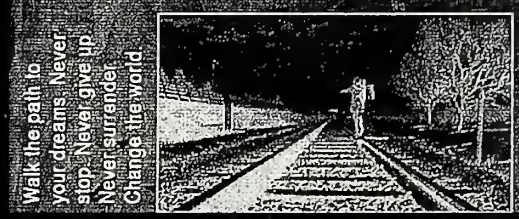
*In twenty years... I'll be making movies, or whining about not making any.*

Wow, high school sure went by fast. If there's one piece of advice I can give to everyone, it's that you must pursue your dreams at any cost: They are what will make your life not just enjoyable, but amazing. And don't wait to start working on your dreams... Strive for them with ounce of your being, and don't stop fighting till you've won.

I thank my friends for who I have become, you have made me a better person. Thanks to ZachXG, MattMCN, Abby S-H, AliedaM, LindseyR, IanG, KatelynMCA, AmyD, and Mary Cotter, who has changed my life more than anyone, who has given me a path to my dreams and happiness.



Walk the path to your dreams. Never stop. Never give up. Never surrender. Change the world.
You and me. We're in this together now. None of them can stop us now. Trent Reznor

Californication, the "T", the parade, Dunkin Donuts, Pingree, trips to Boston, iPod girl, guitar... you're amazing. To all **my friends**, we've had some pretty great times. Police logs, Pat's birthday bash, pool hopping, freshman soccer, MVP honors, teepeeing, egging, breaking Derek's house every weekend... A 3" x 3" square can't capture everything, but the memories are still there. Thanks for making these four years awesome. Keep in touch.

*It would not be fair pretending to ponder my high school career, and su it up with a cheerful and encouraging quote and a thank you. Hig School wasn't always a good time, it wasn't always a search fo knowledge, and it wasn't always the best atmosphere. But despite wha it wasn't, high school was in every way a time to discover yourself. I've heard it said that your friends are the ones who shape who you are Contrary to such, I believe that friends are the ones who have helped m to distinguish who I am for myself. To my friends, we have been togethe down each path, no matter its distance, in a search to find ourselves. Wh would I be without you?*

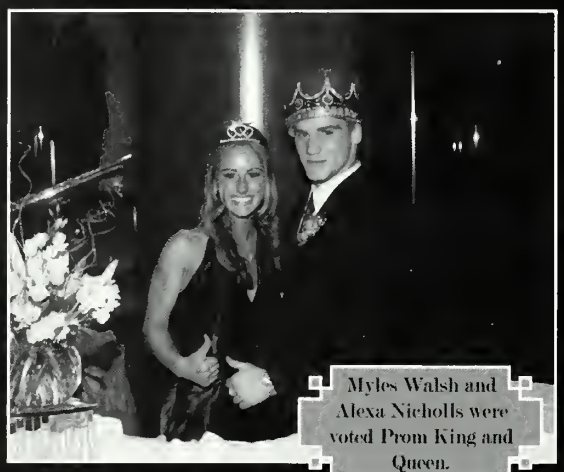
# Junior Prom 2005



Myles Walsh and Alexa Nicholls were voted Prom King and Queen.

The Senior Class danced the night away at their Junior Prom last year, held at the Westin Hotel in Waltham. The banquet and dance hall were gorgeous, the food was delicious, and the "City Lights" sparkled as the evening's theme. Everybody had a great time eating, dancing and celebrating their first prom at Masconomet.

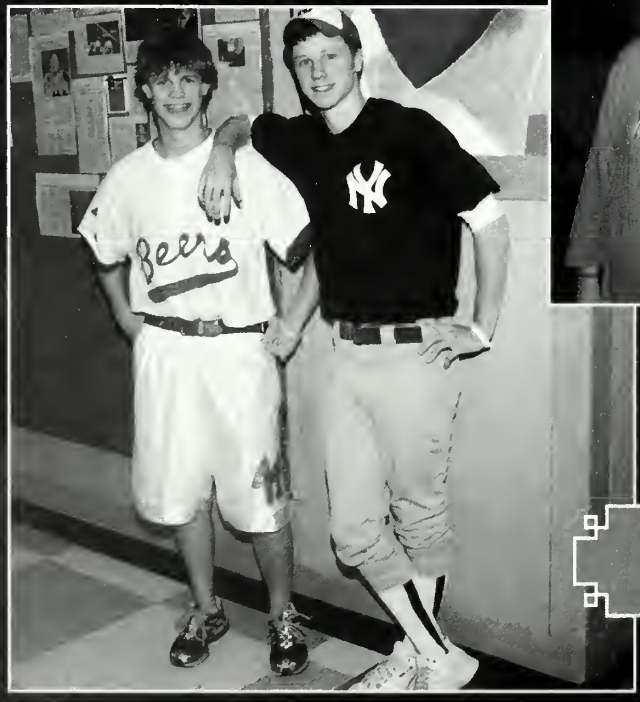
The Village People arrive in style to perform their own rendition of "Macho Man."



Michelle Erickson, Alex Fronduto, and Kaylan Hebb.

Kevin Hinds and Andy Shaheen as baseball stars.

Kim Russell and Jillian Cohen dress as leopards.

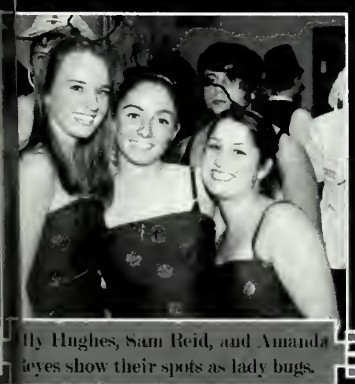
Peter Hunt bares it all in front of a "red plastic cup" and a lovely group of fairies.

Andrew Johnson arrived dressed down as a homeless man.

It's the Hamburgular and a flapper! Eric Schermerhorn and Gabby D'amour.

John Kmetz and Gabi Aron (right), and Joe Wall masquerades as Batman! (left).

Rich Davenport and Mike Festa showed their more sensitive sides while Gino Guarino revealed his "inner baller."



lly Hughes, Sam Reid, and Amanda eyes show their spots as lady bugs.

The Seniors pulled out all the stops for this year's Halloween Party, throwing together their most creative costumes and dancing the night away. Awards were given to the categories of "Best Group Costume," "Best Costume Duo," and "Best Single Costume." Dan Magner won the Best Single Costume award for his spectacular rendition of Mr.T, while Landon Rohwedder and Kevin Hinds were given the award for Best Costume Duo for their superb disguise as Joe Cooper and Doug Remer from the movie Baseketball. Greg Mills, Evan Tusini, Andrew Gregory, David Ake, Jonny Ivester, and Chris Emma took the prize for "Best Group," dressed as the Village People. The night was full of fun and surprises, and all who came had a wonderful time.

Creciste creando, y te has convertido en todo un artista, haciendo realidad un sueño de niño.

FELICITACIONES

Has tomado el primer paso importante hacia tu futuro y llegarás a donde tu quieres llegar, si tomas un paso a la vez, recordando siempre que donde estás ahora no has llegado solo. Por eso siempre demuestra gratitud para con aquellos que te han dado la mano.

Entonces muy pronto quizás tendras tu primer carro y seguirás creando... diseñando ... tal vez grandes edificaciones.

Mucha suerte para el futuro con mucho cariño de Mami y Papá, tambien en el nombre de Omi, Uli, familia Guerra Muriel, familia Oviedo Guerra, familia Matiz Guerra, Iñaki y familia y Tante Renate und Familie. Junio 2006

When I was feeling down and I needed that shoulder to cry on, your shoulder was always free. You have taught me almost everything I know, and I am so grateful. We have laughed together and cried together, but if it wasn't for you, my life would not be as memorable, and exciting as you make it. The years when you are gone, I am going to miss you incredibly. SAMANTHA
CHILD OF MINE

Although you see the world the world different than me,
sometimes I can touch upon the wonders that you see.
All the new colors and pictures you design.
You don't need directions, you know which way to go.
And I don't want to hold you back, I just want to watch you grow.
Nobody's going to kill your dreams or tell you how to live your life.
There will always be people to make it hard for awhile,
but you'll change their heads when they see you smile.
The times you were born in may not have been the best,
but you can make the times to come better than the rest.
I know you'll be honest and you'll always be kind,
Oh, yes, sweet darling, so glad you are a child of mine.
